Graduated with a 7.92 CGPA. Minored in Film and Television Management. Held leadership roles in the Film, Fashion and Comedy clubs.

Everything:

Outside of writing and editing, I spend time developing my sensibilities with several other creative forms. I shoot photo and video, I dabble in music production, I mess around with graphic design and art direction. I occupy myself with the ins and outs of as many processes as possible, the side-questing never ends.
