Experience:

- Digital Editor, [AYC-EDIT Magazine](#) (August 2025 - Present):

Article ideation, writing, editing and publishing. Social media rollouts and strategy. Carousel design, digital cover execution. Unconventional nuance on a wide variety of subjects. Opinions that question the norm and topics worth discussing. Helped launch the magazine from scratch with a TOV that stood out. Contemporary, aggressive, inquisitive.

- Content & Creatives, [All You Can](#) (August 2024 - July 2025):

Scripting and strategising content. Shooting photo and video. Creating a social media campaign for India's largest lifestyle festival. Coordinating a team of 15+ media personnel for the same event. Copy for socials and decks. Pitching the fest to sponsors. Ideating and executing their integrations and deliverables, managing artists performing at the festival, etc.

- Features Writer, [Inqalab.in](#) (August - November 2023)

Articles in and around India's burgeoning hip-hop scene. My first foray into truly tapping into pop culture as we know it in India today.

Education:

- B.A. Literary and Cultural Studies, FLAME University (2021-24):

Graduated with a 7.92 CGPA. Minored in Film and Television Management. Held leadership roles in the Film Society, Fashion and Comedy clubs.

Everything:

I dabble in music production, [my first song](#) reached 2000+ streams organically. I have an amateur interest in photography, video and graphic design. I wrote, designed and released [my own magazine](#) between 2022 and 2024. You can find the rest of [my work here](#). I am vehemently anti AI and pro human spirit. My writing aims for both provocation and posterity.
